Michael Pusterla

Technology Consultant

Michael Pusterla is a Technology Consultant for TrialGraphix based in New York City. He provides valuable support in all aspects of consulting services including trial software, A/V equipment, deposition clip creation and modification, and presentation advice.

Michael supports high-stakes litigation matters and serves as the primary contact for attorneys in top tier law firms and corporations. He has experience with white collar criminal litigation, patent, trademark, insurance, environmental, bankruptcy proceedings and investment disputes. Michael has provided support for trials, hearings, arbitrations and research events across the United States.

Prior to joining TrialGraphix, Michael worked as a Technology Consultant for a national litigation consulting firm in their New York based Trial Services division.

Michael holds a B.S. from Farmingdale State College, New York.
