## Carlos Gonzalez

### Media Artist

Carlos Gonzalez is a Senior Media Artist with TrialGraphix and is based in the Miami office. He specializes in the production of high quality litigation graphics. Carlos has worked on all types of litigation, from complex commercial cases to medical malpractice and personal injury matters.

Carlos is an expert in the visual presentation of complex concepts and case themes. He is especially skilled in Photoshop, Illustrator, InDesign, and PowerPoint. With over 18 years of litigation design experience, Carlos has contributed to thousands of cases.

Prior to joining TrialGraphix in 1998, Carlos worked as a computer graphic artist for Sony Disc Manufacturing, where he was involved with electronic pre-press production and graphic design. Additionally, he has worked as Manager of Technology and Foreign Accounts of a media company, and as a designer in the publishing industry. Mr. Gonzalez has worked in the graphic design field for more than 25 years.

Carlos holds an M.F.A. in graphic design with an emphasis in computer graphics, new technologies, and multimedia from Indiana State University. He also holds a degree in graphic design from the UJTL University of Bogota and a degree in graphic and commercial art from Miami Dade College.

Carlos is fluent in both English and Spanish.
